ROLE

SENIOR PREFECT

ABOUT ME

Hello, I am Clíodhna Rooney and I currently study Health and Social Care, BTEC Sport and Cambridge Business Studies. In the future, I hope to continue with higher education in university, with the possibility of studying a course to become a speech and language therapist. By being a member of the student leadership team, I want to make a positive impact and help improve the school's environment. This role will give me a great opportunity to set and lead by example for the younger students in our school. I will aim to help create a better school community through hosting lots of different activities with the student leadership team.

Excellence Through Partnership
