NAME

NIAMH MORAN

ROLE

SENIOR PREFECT

ABOUT ME

Hello, I am Niamh, and I am senior prefect. I am currently studying Health and Social Care, Religion and BTEC Sport. Next year, I am interested in going to Ulster University in either Belfast or Magee. I would like to go into Healthcare or Speech and Language therapy. Healthcare can open a wide range of career opportunities that I could go in to. I want to do this in the future as it gives me the chance to make a positive impact on people's lives through care and support. This gives me the option to help people with all different problems. Through being a senior prefect, I hope to continue to create a healthy working environment for all students to achieve their best. I will try offer support for younger students who need help adjusting to school life or who may be facing challenges. I want to contribute positively to the school community through showing teamwork and leadership skills. I also aim to be a role model for younger students as I represent our school.

Excellence Through Partnership
